

Basic Snow Plowing Guidelines

This list of basic snow plowing procedures is not a mandatory plan of operation, but a suggested plan for managing snow removal in the Village of Tony. Each storm occasion and developing conditions required consideration of removal methods and tools for salt/sand and plowing.

Priority 1 roads are high traffic areas.

North Ave, Central Ave, South Ave, Pump house, Water Tower
Cemetery Rd, Flambeau Dr. (from Hwy 8 to Airport entrance)

Priority 2 roads are roads that lead to main traffic roads.

Cedar St., Oak St., Maple St., Linden St., Walnut St., Chestnut St. "To Gate", Elm St., Ash St.,
Tony Area Event Center parking lot

Priority 3 roads are all other residential roads.

Cemetery Area (Pete St., F St., Willow St., Cemetery Ln), Ponds, Lawn Shed, All Alleys,
School Lift Station, Tony Area Event Center

<u>Type of Prescription</u>	<u>Amount of Accumulation</u>	<u>Guidelines</u>
Ice Storm; Freezing Rain		Salt/sand* all streets before ice can adhere to the roadway.
Snow Flurries	Trace to 1"	Will not plow, May salt/sand* intersections, hills and curves if needed.
Snow	1"-2"	May start plowing, continue to salt/sand* intersections, hills and curves if needed.
Snow	2"-5"	Will plow to maintain all streets on plow routes, continue to salt/sand* intersections, hills and curves if needed.
Snow	6"+	Will continue to plow to maintain Priority 1 roadways for emergency vehicle travels.

*Using the minimal amount of salt/sand per DNR regulations without endangering public safety.
