- The Pump House roof was repaired by Jeff; however, a small leak remains.
- The water tower cage was secured to the floor, and the heater was addressed.
- The ponds are awaiting a replacement lift.
- The lift station was discussed.
- Water meters are being connected.

2. PFAS

The Village discussed changes to federal Clean Water Act requirements and the status of the PFAS grant application. Reverse osmosis and pump-related work were also discussed.

3. Ponds – Phosphorus

The phosphorus issue was discussed in relation to DNR requirements. Pond testing and lift station work were discussed, with work anticipated during the first week of October. The Village will continue working toward addressing the issue.

4. Gazebo

The Village discussed borrowing a forklift to put the gazebo back in place.

5. Trimming and Mowing
The current weed whacker equipment was discussed due to vibration concerns. The possibility of purchasing replacement equipment next year was considered.

6. Culvert and Driveway Permit
The Village discussed the proposed culvert and driveway permit requirements. Further work on the ordinance is needed.

7. Street Signs
The Village will begin contacting Diggers Hotline in preparation for street sign work.

8. Street Lights
Three street lights have been replaced.

9. Snowplowing
Britney will submit the snowplowing advertisement to the newspaper before the next meeting. Bidders should refer to the Village website for requirements and contact Jeff Hurlebaus with questions.

10. Innovation Grant
The Innovation Grant application period opens in October. The Village will review the guidelines and determine potential next steps.
